

WORKING DEMONSTRATIONS

Start with the live link.

The prototypes are designed to be tried in a browser. No installation, account or special software is required.

Main demonstration hub

01 ASSESSMENT

Source to review

Try one draft question, run the quality checks and record a sample decision.

Open assessment demo

02 CIRCULAR VALUE

Assumption to decision

Change recovery, refurbishment and material costs and inspect the evidence gap.

Open circular value demo

HOW TO REVIEW

- 1 Open the relevant link in a current browser.
- 2 Spend three to five minutes on the main interaction.
- 3 Treat all figures, content and decisions as illustrative.
- 4 Use the screenshots folder only if access to the live link is restricted.

SUBMISSION NOTE

Use the procurement form as the formal response.

A link or ZIP is supporting material only where the portal and buyer instructions allow it.

For a live session, open the hosted demo directly and retain this PDF and screenshots as fallback.
